

The CDC Prevention Research Center Network

Number of Centers and Annual Funding: 1985-1999

Over time, the PRC program has grown in funding and the number of funded centers. This growth is depicted in this bar graph which illustrates the Program's 14 year funding history. The gray portion - represents the program's line item or "core funding." The red portion represents the Program's supplemental funding from 1993 to 1999.

Growth in the CDC Prevention Research Center Network

New and Total Centers: 1985-1999
